2010

We made it

COSCUP / GNOME.Asia™
Open web and mobile technologies

2010

A photograph of a busy registration area at a conference. In the foreground, a man in a light-colored shirt is leaning over a counter. Behind him, several other people are standing in a queue, some looking at information boards. The background shows a large, modern hall with glass walls and various exhibition booths. The text "970 Registrants" is overlaid in large, bold, white letters with a black outline.

970 Registrants
